Placement

100% placement assistance & career-readiness

IPCS Global — Since 2008

IPCS Global began in 2008 as a specialised industrial automation training and services provider and has grown into one of India's leading technical and digital skills institutes, with 50+ branches across India and the GCC. Our Coimbatore centre in Peelamedu combines classroom teaching with hands-on labs, and every learner is coached in communication, aptitude and interview readiness alongside technical skills.

PLACEMENT ASSISTANCE

About the Embedded Systems & IoT Stream

Embedded systems power everything from smart devices and medical equipment to electric vehicles. Our programmes cover Embedded C, nine microcontroller families, RTOS, Embedded Linux, IoT, automotive protocols and PCB design — with 100% hands-on hardware training.

ISO 9001:2015 Certified

Audited, consistent training quality.

TÜV SÜD Cooperation Partner

Partner of the German testing & certification body.

NSDC Approved Partner

Approved training partner under Skill India.

Inside the IPCS Global Coimbatore training centre.

Why Embedded Systems & IoT, Why Now

The demand behind this programme — and the industries that hire our graduates.

- 1 Electronics is booming in India**
 Government incentives for electronics manufacturing, semiconductors and EVs are expanding embedded jobs across design centres and product companies.
- 2 Everything is becoming connected**
 Consumer devices, medical equipment, vehicles, appliances and industrial machines all run on firmware — and increasingly connect to the cloud.
- 3 EV and automotive growth**
 Electric vehicles and connected cars need engineers skilled in CAN, diagnostics, RTOS and battery management systems.

Where You Can Work

- 1 Consumer electronics & IoT product companies**
- 2 Automotive & EV (OEMs and Tier-1 suppliers)**
- 3 Medical devices**
- 4 Industrial automation & robotics**
- 5 Semiconductor & design services**
- 6 Defence & aerospace electronics**

Three Ways to Build Your Career

- Full-Time Job**
 Join a company with placement support behind you — stability and structured growth.
- Job + Freelance**
 Hold a job while taking side projects to build income and a broader portfolio.
- Remote & Global**
 Embedded skills are in demand in Germany, Japan, the US and the GCC. Many Indian engineers work on global projects from Bengaluru, Chennai, Coimbatore, Pune and Hyderabad design centres.

SHORT COURSE

Certified Embedded Professional (CEP)

C programming plus one microcontroller of your choice – a fast start in embedded.

30 Days

90 Hours

2 Modules

1 Projects

Classroom + hands-on lab

Part A · Course Details

Program Overview

A 30-day course that combines C programming with hands-on work on one microcontroller platform, giving you a practical entry into embedded systems.

CERTIFICATION

Govt.-accredited (NSDC) + IPCS

Who Should Join

- ✓ Students exploring embedded careers
- ✓ Freshers preparing for interviews
- ✓ Hobbyists

What You'll Be Able To Do

- ✓ Write C programs confidently
- ✓ Program one microcontroller end-to-end
- ✓ Interface basic peripherals

Eligibility: Diploma or degree student in electronics, electrical or computer science.

The Full Syllabus

2 modules, 90 hours.

01

C Programming

50 Hrs

02

Microcontroller (any one: PIC / Arduino / STM32 / ESP32)

40 Hrs

Total Training Duration

90 Hours

Module-by-Module Topics

MODULE 01

50 Hrs

C Programming

- Data types, operators & control flow
- Arrays (1D/2D), strings & functions
- Pointers, structures & unions
- Memory concepts & bit manipulation
- Writing modular, reusable firmware

MODULE 02

40 Hrs

Microcontroller (any one: PIC / Arduino / STM32 / ESP32)

- LED, switch, 7-segment (1d-8d) & keypad
- LCD, relays & motors
- ADC, timers (0/1/2), PWM & interrupts
- UART, SPI & I2C protocols

Tools, Projects & Assessment

Tools & Technologies You'll Use

GCC

Arduino IDE / MPLAB / STM32CubeIDE

Proteus

Projects You'll Build

1

Peripheral interfacing mini-project

How You'll Be Assessed

1

Module Assessments

Practical and theory checks at the end of each module.

2

Project Reviews

Trainer review of your mini projects and final project.

3

Certification

Issued on meeting assessment and attendance criteria.

Certification: Government-accredited (NSDC) certificate + IPCS Global course certificate + Internship Certification.

PART B • CAREER GROWTH

Where Embedded Professional (CEP) Can Take You

Job roles, a realistic growth ladder with salary ranges, and the skills to keep growing.

Roles You'll Be Ready For

1

Embedded Software / Firmware Engineer

Writes firmware for microcontroller-based products.

2

Embedded Hardware Engineer

Designs and tests circuits and boards.

3

Embedded Test / Validation Engineer

Tests firmware and hardware against requirements.

4

IoT Developer

Builds connected devices and cloud links.

5

Device Driver / Linux Engineer

Develops drivers and board support.

6

Field Application Engineer

Supports customers using electronic components.

Good to know: Certified Embedded Professional (CEP) is a focused short course and a strong starting point for these roles; most learners reach them fastest by continuing with **Certified Embedded Design Professional (CEDP)**.

■ Your Growth Ladder

STAGE 01 0–2 YRS	Trainee / Junior Embedded Engineer Write and test firmware modules.	₹3 – 5 LPA
STAGE 02 2–5 YRS	Embedded Engineer Own firmware for products and features.	₹5 – 10 LPA
STAGE 03 5–8 YRS	Senior Embedded Engineer / Tech Lead Architect firmware and lead teams.	₹10 – 18 LPA
STAGE 04 8+ YRS	Embedded Architect / Engineering Manager Own platforms and product engineering.	₹18 – 35 LPA

■ Annual Salary Range (CTC) — ₹ Lakh per annum

Indicative ranges for India in 2026. Lower end: Tier-2 cities such as Coimbatore and smaller firms; upper end: metros and larger companies; GCC and overseas packages are typically higher. Guidance only, not a salary guarantee.

■ Skills to Add Next

- ✓ Embedded Linux & Yocto
- ✓ RTOS internals
- ✓ ARM Cortex-M in depth
- ✓ Debugging with JTAG & logic analysers
- ✓ C++ for embedded

■ Certifications to Target

- ✓ NSDC-aligned embedded certification
- ✓ ARM accredited engineer (later career)
- ✓ Embedded Linux training
- ✓ MISRA C awareness

■ Upgrade Path at IPCS Global

1 **Certified Embedded Design Professional (CEDP)**

2 **Advanced Embedded Systems Program (CESE)**

■ Your First 12 Months After the Course

1

Month 0–1 • Get Visible

Polish your resume and portfolio; apply through the IPCS placement cell's drives.

2

Month 1–3 • First Role

Join as a Trainee / Junior Embedded Engineer.

3

Month 3–6 • Get Certified

Earn one certification from the list above.

4

Month 6–12 • Specialise

Pick a specialisation and own a project, system or channel.

How We Train & Certify

Technical skill gets you noticed — presentation, confidence and communication get you hired. Career-readiness runs alongside the syllabus, not after it.

Our Learning Method

Your Certifications

- Government-Accredited Certification**
 IPCS Global is an NSDC approved training partner. On successful completion you receive a government-accredited certificate that validates your technical and practical skills.
- IPCS Global Course Certificate**
 Issued by an ISO 9001:2015 certified institute on successful completion of assessments and projects.
- Internship Certification**
 Documents your hardware projects and lab work — verifiable experience for your resume.

Career-Readiness Track

How IPCS Global Gets You Hired

Every learner goes through a structured career-readiness track alongside the course, supported by our dedicated placement cell.

1

Dedicated Placement Cell

Interview drives, industry referrals and follow-up until you are placed – not just until the course ends.

2

Resume & Portfolio

One-on-one sessions to build a recruiter-ready resume and a project portfolio that proves your skills.

3

Aptitude & GD Training

Quantitative, logical and verbal aptitude plus group discussion practice.

4

Mock Interviews

Simulated technical and HR panels so the first real interview never feels like the first.

Recent IPCS Coimbatore Placements

A selection of recent placements across IPCS Global Coimbatore programmes.

Global opportunity: Embedded skills are in demand in Germany, Japan, the US and the GCC. Many Indian engineers work on global projects from Bengaluru, Chennai, Coimbatore, Pune and Hyderabad design centres.

Why IPCS Global

18+ Years of Training Excellence

A track record since 2008, refined across 15,000+ professionals trained.

ISO 9001:2015 Certified

Audited, consistent training quality — every batch, every time.

Recognised Partnerships

TÜV SÜD cooperation partner and NSDC approved training partner.

Dedicated Placement Cell

Industry tie-ups, interview drives and follow-up until you are placed.

Real Labs, Real Projects

Industry-grade equipment and live projects — proof of work, not just a certificate.

50+ Branches, One Standard

Across India and the GCC, with weekday, weekend and fast-track batches.

Meet Our Coimbatore Team

Trainers, mentors, counsellors and placement coordinators at IPCS Global Coimbatore — working with every learner from the first class to final placement.

Frequently Asked Questions

Quick answers to the questions learners and parents ask us most. For anything else, call or visit the Coimbatore branch.

Q. Do I need prior experience to join?

Most programmes start from the fundamentals. Each programme lists its eligibility — our counsellors will confirm the right starting point for your background.

Q. Are classes held online or in the classroom?

Classroom + hands-on lab. Talk to our counsellors about the best option for your programme.

Q. What batch timings are available?

We run weekday, weekend and fast-track batches, so students and working professionals can both find a schedule that fits.

Q. Is placement guaranteed?

We provide 100% placement assistance — resume building, aptitude and GD training, mock interviews and interview drives through our dedicated placement cell. Final selection depends on each learner's performance, attendance and interview results.

Q. What certificate will I receive?

Government-accredited (NSDC) certificate + IPCS Global course certificate + Internship Certification.

Q. Can I attend a class before enrolling?

Yes. Book a free demo session to meet the trainers, see the labs and experience a live class before you decide.

Q. What are the course fees?

Fees depend on the programme and batch type. Please contact the Coimbatore branch for the current fee structure and any available offers.

Q. Can working professionals join?

Yes. Weekend and fast-track batches are designed for people who are working or studying alongside the course.
