readiness

IPCS Global — Since 2008

IPCS Global began in 2008 as a specialised industrial automation training and services provider and has grown into one of India's leading technical and digital skills institutes, with 50+ branches across India and the GCC. Our Coimbatore centre in Peelamedu combines classroom teaching with hands-on labs, and every learner is coached in communication, aptitude and interview readiness alongside technical skills.

About the Industrial Automation Stream

Industrial automation is IPCS Global's founding specialisation since 2008. Our programmes take you from electrical basics to multi-brand PLC, SCADA, HMI, VFD, servo, DCS and Industrial IoT on real lab equipment — the skills plants in India and the GCC hire for.

ISO 9001:2015 Certified

Audited, consistent training quality.

TÜV SÜD Cooperation Partner

Partner of the German testing & certification body.

NSDC Approved Partner

Approved training partner under Skill India.

Inside the IPCS Global Coimbatore training centre.

Why Industrial Automation, **Why Now**

The demand behind this programme — and the industries that hire our graduates.

- 1 Factories are automating**
 Manufacturing, pharma, food processing, water treatment and energy plants across India are upgrading to PLC, SCADA and drive-based control — and need engineers to commission and maintain it.
- 2 Industry 4.0 is here**
 Plants are connecting machines to networks and dashboards. Engineers who combine classic automation with IIoT and data skills are in short supply.
- 3 Strong GCC demand**
 Oil & gas, utilities, construction and infrastructure projects in the Gulf continue to recruit PLC, SCADA and instrumentation engineers from India.

Where You Can Work

- 1 Manufacturing & automotive plants**
- 2 Pharma & food processing**
- 3 Water & wastewater treatment**
- 4 Power, energy & utilities**
- 5 Oil & gas, chemical & cement**
- 6 System integrators & panel builders**

Three Ways to Build Your Career

- Full-Time Job**
 Join a company with placement support behind you — stability and structured growth.
- Job + Freelance**
 Hold a job while taking side projects to build income and a broader portfolio.
- Overseas / GCC**
 Automation is one of the most internationally mobile technical careers. With 2–3 years of experience, commissioning and project engineers frequently move to GCC countries at significantly higher tax-free packages.

CAREER PROGRAMME

Professional Diploma in Industrial Automation

Our flagship automation diploma — from electrical basics to multi-brand PLC, SCADA, HMI, VFD, servo, DCS and real industry applications.

4 Months

360 Hours

7 Modules

5 Projects

Classroom + hands-on lab

Part A • Course Details

Program Overview

The most complete automation programme we offer. You start with electrical and electronics fundamentals, then program PLCs from Schneider, Allen-Bradley, Siemens, Delta, Mitsubishi, Omron, ABB, Honeywell and GE Fanuc; build SCADA and HMI screens; drive motors with VFDs and servos; and finish by studying how automation runs in eight real industries.

CERTIFICATION

TÜV SÜD + IPCS Global

Who Should Join

- ✓ Diploma / BE / B.Tech in EEE, ECE, EIE, Mechatronics or Mechanical
- ✓ ITI Electrical & Electronics graduates
- ✓ Maintenance & plant technicians upskilling
- ✓ Engineers targeting India or GCC automation roles

Eligibility: Diploma, ITI or degree in an electrical, electronics, instrumentation or mechanical discipline (final-year students welcome).

What You'll Be Able To Do

- ✓ Program and troubleshoot PLCs across 9+ brands
- ✓ Design SCADA systems with InTouch and WinCC
- ✓ Build HMI screens and interface them to PLCs
- ✓ Configure VFDs and servo drives for motor control
- ✓ Wire and read electrical control panels
- ✓ Understand DCS and field instrumentation in real plants

The Full Syllabus

7 modules, 360 hours, delivered in three phases that each build on the last.

01 · FOUNDATION

Modules 1–2 · 80 Hours

Electrical fundamentals, PLC logic and control panel wiring.

02 · CORE AUTOMATION

Modules 3–5 · 180 Hours

SCADA, HMI and VFD with multi-brand PLC programming.

03 · ADVANCED & INDUSTRY

Modules 6–7 · 100 Hours

Servo, DCS, instrumentation and real industry applications.

01	Basic Electricals, Electronics & Digital Electronics	20 Hrs
02	Introduction to Automation & PLC Programming	60 Hrs
03	SCADA & PLC Programming	60 Hrs
04	HMI & PLC Programming	60 Hrs
05	VFD & PLC Programming	60 Hrs
06	Servo, DCS & Field Instrumentation	40 Hrs
07	Introduction to Various Industries	60 Hrs

Total Training Duration

360 Hours

Module-by-Module Topics

MODULE 01

20 Hrs

Basic Electricals, Electronics & Digital Electronics

- AC/DC fundamentals, Ohm's law & power
- Components: resistors, diodes, transistors, relays, contactors
- Digital logic gates, number systems & Boolean logic
- Measuring instruments & multimeter use
- Electrical safety practices

MODULE 02

60 Hrs

Introduction to Automation & PLC Programming

- Automation scope, types & industry tools
- PLC architecture, scan cycle & I/O types
- Ladder logic: contacts, coils, latching, interlocks
- Timers, counters, comparators & RTC
- PLC brands: Schneider Zelio, Allen-Bradley
- Electrical control panel wiring: MCB, contactor, OLR
- DOL & star-delta starters, interlocking
- PLC wiring, sinking/sourcing & sensor interfacing

MODULE 03

60 Hrs

SCADA & PLC Programming

- SCADA architecture, tags & data acquisition
- Graphics, animations & screen navigation
- Alarms, events, trends & historical logging
- Scripting & recipe management
- SCADA: Wonderware InTouch, Siemens WinCC
- PLC: Siemens S7-300 / S7-1200, Delta

MODULE 04

60 Hrs

HMI & PLC Programming

- HMI hardware, need & applications
- Screen design: buttons, indicators, graphics
- PLC-HMI interfacing with digital & analog tags
- Alarms, trends, recipes & security levels
- HMI: Delta & Siemens
- PLC: Mitsubishi, Omron, ABB

MODULE 05

60 Hrs

VFD & PLC Programming

- VFD working principle & applications
- Local, 2-wire & 3-wire control
- Parameter programming & preset frequencies
- Analog speed control & relay outputs
- VFD: Danfoss & ABB
- PLC: Honeywell, GE Fanuc
- Allen-Bradley PAC programming

MODULE 06

40 Hrs

Servo, DCS & Field Instrumentation

- Servo systems: speed, torque & position control
- Internal/external control modes & gear ratio
- DCS architecture, PLC vs DCS & communication modules
- Field instruments: RTD, thermocouple, pressure, flow & level
- Calibration, final control elements & control loops (PID)

MODULE 07

60 Hrs

Introduction to Various Industries

- Water & sewage treatment plants
- Manufacturing & material handling
- Food & pharmaceutical processing
- Cement, power & energy management
- Oil & gas, chemical & process industries
- Material handling & logistics

Professional Diploma in Industrial Automation · Part A**Tools, Projects & Assessment****Tools & Technologies You'll Use**

Schneider Zelio Soft

Rockwell RSLogix / Studio 5000

Siemens TIA Portal (S7-1200)

Delta ISPSoft / WPLSoft

Wonderware InTouch

Siemens WinCC

Delta DOPSoft HMI

Danfoss & ABB VFDs

Delta servo drives

Multimeter & panel tools

Mitsubishi GX Works

Omron CX-Programmer

ABB Automation Builder

■ Projects You'll Build

- 1 Conveyor sorting system with PLC + HMI
- 2 Tank level control with SCADA monitoring
- 3 VFD-based pump speed control
- 4 Traffic light & bottle-filling logic
- 5 Industry case study presentation

■ How You'll Be Assessed

1

Module Assessments

Practical and theory checks at the end of each module.

2

Project Reviews

Trainer review of your mini projects and final project.

3

Certification

Issued on meeting assessment and attendance criteria.

Certification: TÜV SÜD certification + IPCS Global course certificate + Internship Certification.

Where Professional Diploma in Industrial Automation Can Take You

Job roles, a realistic growth ladder with salary ranges, and the skills to keep growing.

Roles You'll Be Ready For

1

PLC Programmer

Writes and troubleshoots PLC logic for machines and processes.

2

Automation Engineer

Designs and commissions complete control systems.

3

SCADA / HMI Engineer

Builds monitoring and operator interfaces.

4

Commissioning Engineer

Installs and starts up systems on site.

5

Maintenance Engineer (Electrical & Automation)

Keeps plant control systems running.

6

Instrumentation Engineer

Calibrates and maintains field instruments.

■ Your Growth Ladder

STAGE 01 0–2 YRS	Graduate / Trainee Engineer Program, wire and test under senior guidance.	₹2.4 – 4 LPA
STAGE 02 2–5 YRS	Automation / Project Engineer Own commissioning and programming for projects.	₹4 – 7 LPA
STAGE 03 5–8 YRS	Senior Engineer / Team Lead Lead projects, clients and junior engineers.	₹7 – 12 LPA
STAGE 04 8+ YRS	Project Manager / Automation Head Run multi-site projects and teams.	₹12 – 22 LPA

■ Annual Salary Range (CTC) — ₹ Lakh per annum

Indicative ranges for India in 2026. Lower end: Tier-2 cities such as Coimbatore and smaller firms; upper end: metros and larger companies; GCC and overseas packages are typically higher. Guidance only, not a salary guarantee.

■ Skills to Add Next

- ✓ Siemens TIA Portal & S7-1500
- ✓ Industrial networking (Profinet, Modbus, EtherNet/IP)
- ✓ IIoT & data dashboards
- ✓ Motion control & robotics
- ✓ Electrical design in EPLAN / AutoCAD Electrical

■ Certifications to Target

- ✓ TÜV SÜD automation certification
- ✓ Siemens / Rockwell vendor certifications
- ✓ ISA Certified Automation Professional (CAP) — later career
- ✓ Functional safety (TÜV FS Engineer) — later career

■ Upgrade Path at IPCS Global

1 Certified Industrial IoT Professional (add IIoT)

2 Certified Building Management Systems

■ Your First 12 Months After the Course

1

Month 0–1 • Get Visible

Polish your resume and portfolio; apply through the IPCS placement cell's drives.

2

Month 1–3 • First Role

Join as a Graduate / Trainee Engineer.

3

Month 3–6 • Get Certified

Earn one certification from the list above.

4

Month 6–12 • Specialise

Pick a specialisation and own a project, system or channel.

How We Train & Certify

Technical skill gets you noticed — presentation, confidence and communication get you hired.
Career-readiness runs alongside the syllabus, not after it.

Our Learning Method

Your Certifications

- TÜV SÜD Certification**
 IPCS Global is a cooperation partner of TÜV SÜD, the German testing and certification body. Eligible learners receive a TÜV SÜD certificate that adds independent, international credibility to their skills.
- IPCS Global Course Certificate**
 IPCS Global is an ISO 9001:2015 certified institute and an NSDC approved training partner. Your course certificate is issued on successful completion of assessments.
- Internship Certification**
 Documents your hands-on lab and project work on real PLCs, drives and panels — verifiable experience for your resume.

Career-Readiness Track

How IPCS Global Gets You Hired

Every learner goes through a structured career-readiness track alongside the course, supported by our dedicated placement cell.

1

Dedicated Placement Cell

Interview drives, industry referrals and follow-up until you are placed – not just until the course ends.

2

Resume & Portfolio

One-on-one sessions to build a recruiter-ready resume and a project portfolio that proves your skills.

3

Aptitude & GD Training

Quantitative, logical and verbal aptitude plus group discussion practice.

4

Mock Interviews

Simulated technical and HR panels so the first real interview never feels like the first.

Recent IPCS Coimbatore Placements

A selection of recent placements across IPCS Global Coimbatore programmes.

Global opportunity: Automation is one of the most internationally mobile technical careers. With 2–3 years of experience, commissioning and project engineers frequently move to GCC countries at significantly higher tax-free packages.

WHY TRAIN WITH US

Why IPCS Global

18+ Years of Training Excellence

A track record since 2008, refined across 15,000+ professionals trained.

ISO 9001:2015 Certified

Audited, consistent training quality — every batch, every time.

Recognised Partnerships

TÜV SÜD cooperation partner and NSDC approved training partner.

Dedicated Placement Cell

Industry tie-ups, interview drives and follow-up until you are placed.

Real Labs, Real Projects

Industry-grade equipment and live projects — proof of work, not just a certificate.

50+ Branches, One Standard

Across India and the GCC, with weekday, weekend and fast-track batches.

Meet Our Coimbatore Team

Trainers, mentors, counsellors and placement coordinators at IPCS Global Coimbatore — working with every learner from the first class to final placement.

Frequently Asked Questions

Quick answers to the questions learners and parents ask us most. For anything else, call or visit the Coimbatore branch.

Q. Do I need prior experience to join?

Most programmes start from the fundamentals. Each programme lists its eligibility — our counsellors will confirm the right starting point for your background.

Q. Are classes held online or in the classroom?

Classroom + hands-on lab. Talk to our counsellors about the best option for your programme.

Q. What batch timings are available?

We run weekday, weekend and fast-track batches, so students and working professionals can both find a schedule that fits.

Q. Is placement guaranteed?

We provide 100% placement assistance — resume building, aptitude and GD training, mock interviews and interview drives through our dedicated placement cell. Final selection depends on each learner's performance, attendance and interview results.

Q. What certificate will I receive?

TÜV SÜD certification + IPCS Global course certificate + Internship Certification.

Q. Can I attend a class before enrolling?

Yes. Book a free demo session to meet the trainers, see the labs and experience a live class before you decide.

Q. What are the course fees?

Fees depend on the programme and batch type. Please contact the Coimbatore branch for the current fee structure and any available offers.

Q. Can working professionals join?

Yes. Weekend and fast-track batches are designed for people who are working or studying alongside the course.
