Why Digital Marketing, **Why Now**

The demand behind this programme — and the industries that hire our graduates.

- 1 Budgets have moved online**
Every business, from a local clinic to a national brand, now spends a large share of its marketing budget on search, social and paid digital channels — and needs people to run them.
- 2 AI has raised the bar**
Employers increasingly want marketers who can pair fundamentals with AI tools for content, ads and analytics. That combination is still rare, which makes it valuable.
- 3 Flexible career paths**
Digital marketing rewards results and portfolios more than degrees, and it supports full-time jobs, freelancing and your own business — often in combination.

Where You Can Work

- 1 Digital & advertising agencies**
- 2 E-commerce & D2C brands**
- 3 IT & SaaS companies**
- 4 Education & EdTech**
- 5 Healthcare, real estate & retail**
- 6 Startups & freelance clients**

Three Ways to Build Your Career

Remote & Global

Digital marketing skills travel well: many learners serve clients in the US, UK, Australia and the GCC remotely through Upwork, Fiverr and LinkedIn, and GCC agencies regularly hire Indian marketers.
